

# Call for proposals

SAKK/AbbVie Award  
for digital innovation  
in oncology & hematology

**Application deadline: March 31, 2025**

abbvie

# Submit your project now

Artificial intelligence and digitalization are taking major leaps into medicine and hemato-oncology. SAKK's Digital Innovation Award is funded by AbbVie and aims to support projects that pave the way for synergies between clinicians and information technology to improve standards of care.

The grant is endowed with CHF 30,000.

Last years winner was Dr. med. Elena Diana Chiru with the following topic:

*"Integration of Digital Pathology and Clinical Data to aid with AI enabled Risk Stratification for Breast Cancer Patients"*

## Submission

Your application must be submitted electronically via [www.sakk.ch](http://www.sakk.ch)

**Application deadline: March 31, 2025**
